Architectural Conservation Master Classes

Session: November 2011 - April 2012

Master Classes

All of our lectures are delivered by professionals who are experts in their field. They are passionate about conservation and interested in preserving our architectural heritage for generations to come.

1) 15 November 2011

- i) Buildings at Risk: Alex Adamson, Buildings at Risk Project Manager, Royal Commission on the Ancient and Historical Monuments of Scotland
- ii) Building Preservation Trusts: Laura Norris, Director Vivat Trust

2) 13 December 2011

- i) Energy Conservation in Traditional Buildings: Roger Curtis, Technical Research Manager, Historic Scotland
- ii) Sustainable Development: The Role of Traditional Skills and Indigenous Materials: Colin Tennant, Head of Traditional Skills and Materials, Historic Scotland

3) 10 January 2012

- i) Structural Masonry: John Addison, Structural Engineer, Addison Conservation and Design
- ii) Conservation and Repair of Iron – Cast, Wrought and Corrugated: Ali Davey, Head of Technical Outreach and Education, Historic Scotland

4) 14 February 2012

- i) The Use of Thermography for Building Maintenance: Dr Maureen Young, Conservation Scientist, Historic Scotland
- ii) Case Study: Fort Augustus Abbey: Tom Duff, Partner LDN Architects

5) 13 March 2012

- i) Heritage Paints and Lime Washes: Roz Artis-Young, Director, Scottish Lime Centre Trust and Colin Mitchell-Rose, Architectural Paint Researcher and Managing Director, Craig & Rose
- ii) Case Study: Stirling Palace Project: Ruth Vaughan, Project Architect for Stirling Palace Project with Historic Scotland

6) 21 April 2012

Practical Demonstration Day at Fort George
